## Blank Flag Cable Tie Markers

### Features:

One of the simplest ways to to organize your wires, pipes, cables etc. is to use these blank flag cable markers. For the more cost conscious buyers, these cable ties can help you organize because not only can your items be color coded, permanent marker can be used to write on them to further help you differentiate your items. These single use cable ties are durable and impermeable to water in addition to being tamper resistant. Once placed, the tags will not move and must be cut to be removed. They are made from a UV stabilized nylon copolymer and can be used for many different applications. Depending on the size you need, the markers can be ordered in 5 or more colors. Multiple different lengths are also available to suit your specific needs from 3" to 18". They are packaged with a quantity of 100 ties.

### Dimensions
