Epson LW-PX400 Printer Kit

The portable label printer for datacom and electrical professionals. Enjoy a portable, wireless, industrial labeling and wire-marking printer with a lifetime warranty. Perfect for Datacom installation, electricians, or just in need of a compact industrial labeling solution, the LW-PX400 is a reliable and easy way to label. The smallest, lightest and most flexible 24mm printer on the market, the LW-PX400 can work wirelessly in the field via Bluetooth using either an iOS or Android mobile device. Create professional visual identification with durable adhesive supplies and mark wires/cables with self-laminating wraps and heat shrink tubing.

Features:

- Epson LW-PX400 Label Printer
- Label Editor Professional Software (CD)
- USB CableVersatile labeling: Print labels from 1/6" (4 mm) to 1" (24 mm) wide in more than 160 colors and materials.
- Wire marking: Create durable and legible self-laminated wire wrap or heat shrink tube wire markers.
- Wireless printing: Connect via Bluetooth to use the mobile apps or your custom app with an available SDK as well as Label Editor Professional software.
- Amazing UX: Easy-to-use apps and software allow for fast
