Heat Shrink Wire Marker Labels For Tyco Printers

Heat Shrink Wire Markers are Compatible with Wintotal Software and TYCO Printing Machines. Our heat shrinkable wire marker sleeves meets Military specifications for aerospace industry. Direct Replacement for TYCO TMS and RPS Heat Shrinkable Labels. Resistant to harsh aerospace/airline fluids such as JP-8 Jet Fuel and Hydraulic Fluid. Meets Stringent printing performance requirements of MIL-M-81531. Meets milspec SAE-AMS-DTL-23053/5 Class 1 and Class 3. Acts as a permanent Identification Sleeve, replacing labels and tape. UL and CSA Approved. Continuous use temperature range -55°C to 135°C

Features:

- Heat Shrink Wire Markers are Compatible with Wintotal® Software and TYCO Printing Machines.
- Meets Military specifications for aerospace industry
- Meets milspec SAE-AMS-DTL-23053/5 Class 1 and Class 3
- Direct Replacement for TYCO TMS and RPS Heat Shrinkable Labels
- Resistant to harsh aerospace/airline fluids such as JP-8 Jet Fuel and Hydraulic Fluid
- Meets Stringent printing performance requirements of MIL-M-81531
- Acts as a permanent Identification Sleeve, replacing labels and tape.
- UL and CSA Approved
- Continuous use temperature range -55°C to 135°C
- Available in 1/16" to 3" Inner Diameter

Dimensions

Part Number	Nominal Size (Diameter)	Piece Length	Tyco Equivalent	Bell PN	Size After Shrinking	Flattened Width	Wire Size Range
