IRODA PT-550CR PRO-TORCH™

The Heavy Duty PT-550CR provides the most powerful and stable butane flame available for demanding jobs where the highest BTU output is required. Its precision orifice and controls offer the best there is in a high output butane tool. The ergonomic grip makes using the PT-550CR comfortable at most any angle. PT-550CR was designed with features to withstand the rigors of daily professional use.

Features:

- State of the art Waterproof Piezo Electronic Ignition system.
- Large Fuel Tank for 90 minutes use on each filling.
- Powerful High Output Wind-Resistance flame.
- Ergonomic designed comfortable grip.
- Angled nozzle to properly direct flame.
- Easily refilled with any brand of butane gas.
- Flame adjustment for the most demanding applications.
