## Iroda AT-2056CR Butane Powered Turbo-Lite

The Iroda Turbo-Lite MJ 280 is a small, hand held butane torch that is great for camping, household repairs, odd jobs, and heat shrink tubing. You can even shrink PTFE shrink tubing with it!

### **Features:**

- Turbo-Lites Iroda AT-2056CR are as useful as fully adjustable precision 1300C (2400F) torches as they are as reliable windproof lighters.
- Features a flame lock, auto Piezo electronic ignition and is easily refilled.
- Perfect as gifts or compact additions to the tool or emergency kit.
