## TG-600 Glue Gun

The Iroda Thermogluce TG-600 Glue Gun with push button ignition is ready for use in under 3 minutes! Powered by LEC Technology (removable butane chamber), ignition is easy and it can be stored safely without risk of accidental activation. Push button piezo electric ignition switch. Uses standard 1/2" glue stick and works for 100 hours continuously on one charge. Package comes with gun, two LEC fuel chambers and 3 glue sticks

Part Number	HGUN-GLUE KIT
