[Chrome Braided Sleeving | BuyHeatShrink®](#)

Our Flexo Silver Chrome XC Metallic Heavy Duty Expandable Braided Sleeve is ideal for dressing up any application with the look of braided stainless steel. The extra coverage sleeve product, Chrome XC, provides fuller coverage with no transparent elements in the braided construction and results in a smooth, continuous silver chrome metallic shine on any application. This is a great application for exposed motorcycle engines.

Features:

- Economical and easy to install, can be easily cut with a hot knife
- Cut and Abrasion Resistant
- Halogen Free
- Resists Gasoline and Engine Chemicals
- Conductive Mylar for Shielding Applications
- UV Resistant
- Ideal for exposed applications, such as motorcycle engines
- -103°F to 257°F (-75°C to 125°C) temperature range

Suggested Applications:

Ideal for dressing up any application with the look of braided stainless steel. The extra coverage sleeve product, Chrome XC, provides fuller coverage with no transparent elements in the braided construction and results in a smooth, continuous silver chrome metallic shine on any application. This is a great application for exposed motorcycle engines.
