## Ladder Cable ties

Ladder Cable ties are an ideal solution for use in wire organization applications in which the cables may become wet or oily. Ladder Cable design provides a wire management solution where flexibility is essential and makes for easy identification and bundling of large cables. With more flexibility than a standard cable tie, Ladder Cable Ties remain a durable, economical alternative to the traditional design.

### Dimensions

Part Number	Length	Weight	Bag	Bundle Diameter
CT-LT-07	7"	40 lb	100 PCS/BAG	1/16" - 1-3/4"
CT-LT-07	11"	40 lb	100 PCS/BAG	1/16" - 3"
